

OPTIMA PLUS[®]

OPTIMA PLUS[®] is designed to offer premium service life in environments which are only benignly corrosive. This applies to, most urban and rural areas of Africa, excluding zones within 5 kilometers of coast or marine areas, or regions adjacent to high industrial pollution areas such as coal mines and smelters.

Optima Plus[®] is available in standard coil widths of **975mm and 1220mm** and available from **30G** material to **28G**.

OPTIMA PLUS[®] is available in the following standard colors:

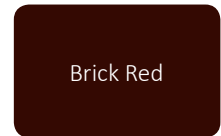

Tile Red

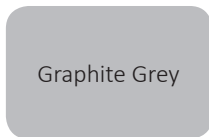

Potters Clay

Sky Blue

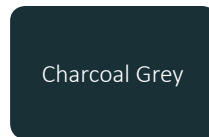

Brick Red

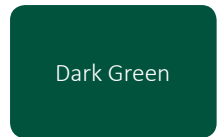

Graphite Grey

Kraft Grey

Charcoal Grey

Dark Green
